ABA Schools Celebrate 15 Year Anniversary

TEMPE, Ariz. (July 30, 2010) –Academic Behavioral Alternatives (ABA Schools) is pleased to announce a new milestone has been reached for the organization; they have been providing private special education day programming in Arizona for 15 years.

ABA Schools has experienced significant growth over the past several years; they currently operate four day programs in Chandler, Coolidge, Dysart, and Tempe. ABA Schools' staff has served over 2,000 Students with academic and behavioral needs since opening in 1995.

“We are very pleased to have achieved this milestone, and to still have the opportunity to provide private day programming options to school districts and their students across the State”, said Erik Ryan, VP, Division of School-Based Services. “We look forward to continuing our relationship with Arizona’s public education agencies, and remain committed to ensuring the programs we offer are designed to meet the unique needs of their students and families for years to come.”

ABA Schools started in 1995 providing special education services to students in the Phoenix area. Over the last 15 years, they have expanded programming and services across Maricopa County and into Pinal County reaching more families and students each year. ABA Schools currently employs more than 65 Staff across its four day program sites and administrative office in Arizona.

About Academic Behavioral Alternatives™ (ABA Schools)-

Academic Behavioral Alternatives™ (ABA Schools), a wholly-owned subsidiary of Cenpatco, has provided private special education programming and related-services focused on supporting students with targeted academic and behavioral needs since 1995. A state-approved Private Special Education Organization, ABA Schools operates Day Programs in Chandler, Coolidge, Dysart, and Tempe, Arizona. ABA Schools' mission is to provide school districts and families with positive, pro-active, and evidence-based solutions which maximize students' individual potential. Through highly structured and individualized educational programs, they help students become proficient in basic skills, acquire knowledge, and develop social and personal skills to help them become independent and productive citizens.
